# The Great Hocking Valley Train Pull '08

## What is the Train Pull

The train pull consists of a team of twenty people grasping a rope to see how fast and far they can pull a real, live, working, locomotive built back in 1952!!! Each pull is truly an attempt for a new world record!! There is only one other event like it in the world held in Maryland its time to bring the world record to Nelsonville, Ohio.

## Why...

That's simple, to raise funds for the people who have autism and other developmental disabilities. Money raised will help educate families, train staff, build resources and serve

people whose lives can be helped with just a helping hand from you. All this is necessary to help battle a condition that has grown a staggering 2300 % in Ohio since the last census, and we need your help! We are pulling a 270 ton train after all it takes a team!

## Here is how the fund raising works!

\*\*Each team consists of twenty members, men and women alike, of all ages.

\*\*Each member is asked to raise a minimum of \$25.00 dollars for the entry fee.

\*\*A complete team entry fee is only \$500 dollars. (This is a minimum.)

## How can you help?

It's easy, you can choose to enter a team from your office, or you may choose to sponsor some of your friends, family or associates. If you're on your own don't worry we can place you on a team. If you wish to become a sponsor contact

[info@letspulltogether.org](mailto:info@letspulltogether.org) or phone 740-753-9101 and ask for Dave!

See you there August 23 rd, 2008.
